

Equestrian Australia

National Interschools Program

www.equestrian.org.au

The National Interschools Championships attracts more than 2000 school based competitors from right around the country. Competitors are required to qualify through from the State Interschool Championships to the National Interschools Championships.

The event is continuing to grow year on year and is one of the major focuses for all levels of equestrian sport in the country. It is the largest equestrian grassroots program delivered nationally in Australia.

This program is further supported by additional squads and clinics that are run at state level. Each state conducts various programs designed at up skilling school aged competitors in horsemanship as well as competition based skills.

Quick Facts:

1 National Championship held annually
2800 competitors Australia wide

6 State Championships held annually
3000 horses competing annually
